

Will you be a graduate therapist in 2012?

Are you interested in working with children?

Our graduate therapists make a real and lasting difference in the lives of West Australian children with a disability or learning disadvantage.

Therapy Focus 2012 Graduate Program

Therapy Focus is Western Australia's largest provider of therapy and support services for children with a disability or learning disadvantage.

We are looking for talented, highly-motivated graduate occupational therapists, speech pathologists and physiotherapists to become part of our professional, multi-disciplinary teams.

Why work for Therapy Focus?

- Gain practical experience managing a full paediatric caseload.
- Receive professional guidance & mentoring from a senior therapist.
- Opportunities for structured training & professional development.
- Chance to develop therapy programs, resources and deliver training.
- Collaboration and networking opportunities within Therapy Focus and with external organisations
- Experience with equipment and assistive technologies.

Timeline

September 2011: Information available on Therapy Focus website.

October 2011: Selection process.

November 2011: Notification of offers.

January 2012: Commencement of 2012 Graduate Program.
